CDR-3 WALL PLATE - UK / EU

CDR-3A WALL PLATE - USA

The Cloud CXA Series is a range of six versatile multi-channel audio power amplifiers of advanced design. They are ideal for sound applications in the retail, leisure, hospitality, commercial or industrial sectors. They can drive both conventional low impedance (Lo-Z, 4Ω to 16Ω) loudspeakers and high impedance (Hi-Z, 70V/100V) transformer coupled loudspeakers.
